

Camp Luz Adventure Program Consent

Adventure activities (Including but not limited to; rock climbing, rappelling, outdoor travel, and challenge courses) carry with them inherent dangers both known and unknown. The participation in any adventure activity may result in minor or major injury or death.

We at Camp Luz work hard to maintain safe equipment, provide well trained facilitators and activity leaders, and stay current on safety practices. However we cannot “guarantee” that any adventure activity lead by Camp Staff, contracted guides, or any other activity leaders are completely safe, it is simply the nature of adventure activities.

I, the undersigned, understand that adventure activities carry with them inherent risks. Yet I wish to participate in one or more adventure activities in spite of that danger.
